

## **Moringa Powder – Premium Superfood from India**

### **□ Product Overview**

We are a reliable exporter of high-quality Moringa Powder from India. Our moringa powder is made from fresh moringa leaves that are carefully harvested, shade-dried, and finely ground to preserve nutrients, natural green color, and purity.

Moringa is known as a “Superfood” due to its high nutritional value and is widely used in health supplements, herbal products, smoothies, capsules, and cosmetic formulations.

### **□ Sourcing Details**

Our moringa leaves are sourced from major moringa-producing regions in India:

Tamil Nadu (Largest producer)

Karnataka

Maharashtra

Andhra Pradesh

We ensure proper harvesting, shade drying, and hygienic processing to retain maximum nutritional value.
