

Onion Powder – Premium Dehydrated Quality from India

□ Product Overview

We are a reliable exporter of high-quality Onion Powder from India. Our onion powder is produced from fresh, farm-sourced onions that are carefully cleaned, sliced, dehydrated, and finely ground under hygienic conditions.

Onion powder is widely used in food processing, seasoning blends, ready-to-eat products, snack industry, sauces, and spice manufacturing.

□ Sourcing Details

Our onions are sourced from major onion-producing states in India:

Maharashtra (Nashik belt – major hub)

Gujarat

Madhya Pradesh

Karnataka

We ensure consistent raw material supply and controlled dehydration process to maintain quality and flavor.

□ Available Types
