

## **Potato (Batata) – Premium Export Quality from India**

### **□ Product Overview**

We are a reliable exporter of premium quality Potato (Batata) from India. Our potatoes are known for their superior texture, uniform size, high nutritional value, and long shelf life. Carefully graded and packed, our produce meets international export standards and is suitable for fresh consumption, processing, and industrial use.

### **□ Sourcing Details**

Our potatoes are directly sourced from leading potato-growing regions in India:  
Maharashtra (Pune, Ahmednagar, Satara)

Gujarat

Uttar Pradesh

Punjab

These regions are known for fertile soil and ideal climatic conditions that ensure high-quality production.

We work closely with farmers to ensure consistent supply and export-grade quality.
